

The introduction of K-love into our community has had a significant impact on myself and many of my friends. It is an uplifting and positive start to every one of my days. When traveling I take the station guide along so that I can tune into K-love everywhere I go. I am often dissapointed when I cannot find a local K-love affiliate to listen to. I feel that it would be a great loss to our community and to my family if I could not listen to K-love on a regular basis. Anymore almost every radio station has something on it that I do not want my kids to hear. When we are listening to K-love we know that we are safe from "offcolor" humor or profanity.

Ever since finding out about K-love my radio has not been tuned to another station. I believe in K-loves mission so much that I became a monthly supporter. I send \$40 a month to help K-love complete its mission of reaching the hearts of as many americans as possible. Please see to it that you do not take this away from my family and my community.

Sincerely David A. Elliot
